

YOUR PHARMACY BENEFITS.

Five things to remember.

1. Use the myCigna® App or website.

24/7 access to all you need to know about your coverage.

- › Manage, track, order and pay for your home delivery prescription orders online¹
- › Find out how much your medication costs
- › See which medications your plan covers
- › Find an in-network pharmacy
- › Ask a pharmacist a question
- › See your pharmacy claims and coverage details

2. Compare your medication costs online.

Prescription prices can vary by pharmacy. Log in to the **myCigna** App or website and click on “Price a Medication” to find out how much your medication may cost at the different retail pharmacies in your plan’s network and through Express Scripts Pharmacy®, our home delivery pharmacy.¹ You can also see if there are lower-cost alternatives available.²

3. Choose a generic and save money.

Generic medications work in the same way and provide the same clinical benefit as their brand-name versions. They have the same active ingredients, strength, dosage form, effectiveness, quality and safety – and they typically cost 85% less.³ Just because generics cost less than brands, it doesn’t mean they’re lower-quality medications.

- › Standard shipping at no **extra cost**⁴
- › Fill up to a **90-day supply** at one time
